Indisposable Concept

Info pack

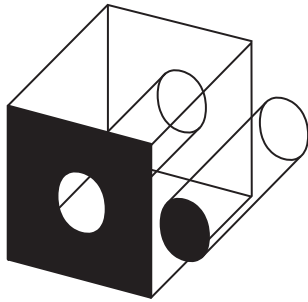

Humans of Planet Earth.

Capturing life on film, one roll at a time.

Est. 2012. 4,600+ rolls contributed to the project so far.

Shoot a roll and share the world you live in.

All film welcome.

Indisposable Concept is a film photography project with a strong focus on community and a keen sense of promoting creativity and individuality.

Indisposable Concept is all about you and the world you live in. Indisposable Concept is all about sharing the stories you capture from your world. Indisposable Concept is a unique platform created to promote who you are, the photos you take and your perspective of the world around you.

The film camera is the creative tool of choice that allows anyone and everyone the opportunity to participate regardless of age or ability. The stories being told and the moments being shared along with the sense of involvement and community are the true essence and beauty of Indisposable Concept.

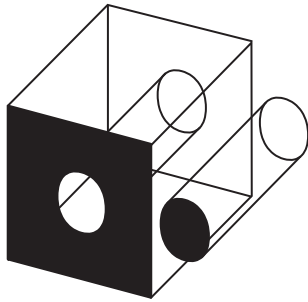

**All film is welcome, from all film cameras and all photos are featured.
We feature full complete rolls of film**

We aim to eliminate the restrictions and technicalities when it comes to shooting with film and embrace the raw art of capturing the moment in its purest form with one single click of a film camera.

We hope you have fun being part of the adventure! It's your involvement and enjoyment that makes all of this possible and enjoyable.

Thank you. With love,

The IC Family X

Capture the world around you with a film camera of your choice and share your stories with the IC family.

Indisposable.

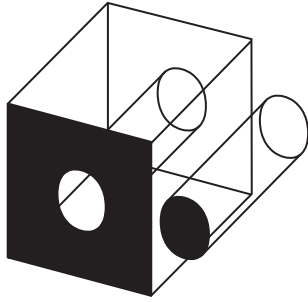

adj. Of or pertaining to something that is not disposable; something that one cannot do without.

Indisposable Concept (IC) is a creative, community-inspired project that encourages people to focus on the process of using one roll of film from one film camera to capture and share the world around them through a sequence of shots. The beauty of this process is that by using the medium of film each shot taken is unique and untouched. The images can't be deleted, only a certain number of shots are available and nothing is revealed until the photos have been developed.

This is a raw exercise capturing the world around you in its purest form, an experiment built to explore human interaction and gain insight into different peoples lives across a broad demographic.

What are the most important things in your life? How do you see them and how do you interpret the world around you? It's up to you to capture the moments, the people, the world you live in via the medium of film. You can focus the entire roll on one subject or numerous subjects that you love and hold dear, as long as it portrays what's unique and 'indisposable' to you.

CONTINUED >

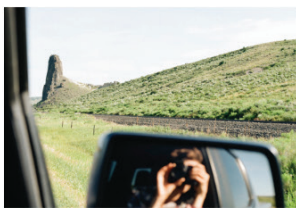

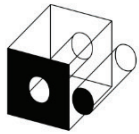

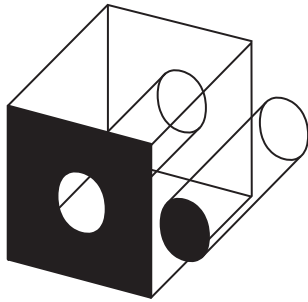

Share the moments from your world...

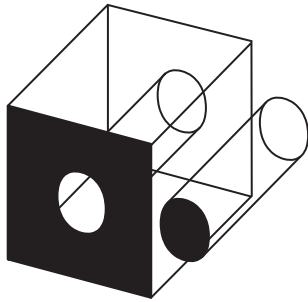

Your work, your friends, your family. Show the world what is happening in your life - your holiday, your roadtrip, your hometown, your night out, your brand, your work, your passion. The concept is open and free to interpretation, how you capture and tell your stories is totally up to you.

You have a week (approx) to shoot your roll and capture your moments, but timelines are flexible so don't stress if you take longer than a week, it's about having fun and getting involved. Your folio will be featured on **indisposableconcept.com** as well as **facebook.com/indisposableconcept** with selected photos appearing on our Instagram feed **@indisposableconcept** as well as our Tumblr at **indisposableconcept.tumblr.com**.

Contact us if you have any questions or just want to say hi at **indisposableconcept@gmail.com**

^ The Indisposable Concept website Home Page features all the rolls contributed as unique online galleries. Each gallery features the complete roll shot by the contributor. Indisposable Concept is all about sharing the full roll, all the hits and misses and everything in between. We don't choose favourites and we don't just feature just the best bits.

What is Indisposable Concept?

The Indisposable Concept project is all about eliminating the technicalities and proficiencies of photography and providing a level playing field for everyone to contribute. The film camera is the weapon of choice to allow anyone and everyone the opportunity to participate no matter what age or ability. The stories being told and the moments being shared along with the sense of involvement and community are the true essence and beauty of Indisposable Concept.

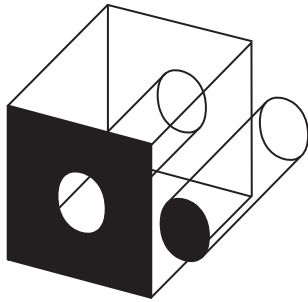

If you're interested we'd love you to contribute a roll to Indisposable Concept. We look forward to seeing the moments that make your life unique and can't wait to share your photos with the Indisposable Concept community across our various channels.

To contribute to the project you must shoot your roll and get the film developed yourself. Send the digital files to us (available on disk or as digital files when you get the film processed by a film lab of your choice).

Please send your files (no smaller than 2000 pixels wide at 72dpi) to indisposableconcept@gmail.com via wetransfer.com.

We're all about promoting and supporting the people that contribute so please include your website, blog, tumblr, instagram and any other link/s to your online worlds, along with the details of the camera and film you used as well as location info of where the roll was shot.

We will include these details with your online gallery. We support the creative industries and your role in contributing and being part of a creative community. Our objective is to use the Indisposable Concept platform to promote who you are, what you do and celebrate the world you live in.

Instructions

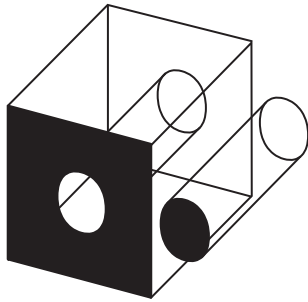

- (1) Download, print and read through the **IC Info Pack** to familiarise yourself with the world of Indisposable Concept.
- (2) Use your film camera to shoot photos of the world around you. (All rolls and contributions must be shot with a film camera). **All film is welcome**. Capture things in your life that tell a story – your journey to work, your night out, your trip to the supermarket, your festival experience, your friends, your road trip or holiday. Capture anything and everything that you perceive as unique to your world and want to share with the IC family. It's totally up to you to capture the world you live in. It's your interpretation.
- (3) You have 1 roll of film (from a film camera), 24 (ish) shots and roughly 1 week to work with. It's ok if your roll of film has more than 24 exposures and the roll takes longer than a week to complete. **Don't get too caught up in the technicalities.**

Just have fun!

PLEASE SUBMIT THE FULL ROLL TO US so we can create your online gallery at indisposableconcept.com. Do not send us selects from the roll. **We do not feature individual photos that are sent through to us and do not share photos on social media via a hashtag system.** We pride ourselves on the process and featuring complete rolls to show the entire scope of a roll, not just hero shots or hashtag features. We also do not feature photos sent to us via Direct Message on any social media platform. We are all about celebrating the full roll, all the hits and misses and everything in between.

The 1 roll of film, 24 shots and 1 week platform is only a rough guide to work within. Just have fun and enjoy the process of playing with film. You can shoot the roll in an hour or a day or take a month to complete it, we're not too worried about the technicalities in regards to timeline. We just want you to get creative, acknowledge the world you live in and share it with the IC fam.

Instructions / Cont.

- (4) **One of the photos you take on the roll must be a selfie.** This element of the roll is open to interpretation and up to you how this photo is captured. We're happy for it to be shot in the traditional 'selfie' manner or you can get someone to snap a photo of you. We use this photo as a profile pic when we create your online gallery on indisposableconcept.com. It's okay if this photo doesn't turn out or you forgot to shoot it. We will still accept and feature your roll.
- (5) You must take all the shots yourself or direct someone to take the shot. This is your view of the world.
- (6) Please provide us with your details when you send through your photos. Details we require are:
 - Age
 - Location (where the roll was shot)
 - Instagram / Website details (Include any online details you'd like to feature)
 - Type of film camera used
 - Type of film used
- (7) To contribute to the project you must get your roll of film developed yourself and send the digital files to us (available on disk or as digital files when you get the film processed by a film lab of your choice). Please send your files (the full roll) to **indisposableconcept@gmail.com** via **wetransfer.com**.

Please email us at **indisposableconcept@gmail.com** if you have any thoughts or questions you'd like to share with us.

*We will not accept rolls sent to us as **attached photo files** in emails. **Please send the full roll/s to us via wetransfer.com** which is free and easy to use. This makes our lives easier when downloading and processing your rolls.*

- (8) Don't hesitate to contact us at any stage via email if you have any questions or would like clarification on anything. We want to make this experience as fun and easy as possible. You will find us at **indisposableconcept@gmail.com**

Contributing in 4 Easy Steps

(1) GET YOUR HANDS ON A FILM CAMERA

Buy one, borrow one, find one any way you can. Google best film cameras for sale. Once you have that camera in your hot little hands, load it up with film and start to think what you'd like to capture with your roll.

(2) DOWNLOAD & PRINT THE INDISPOSABLE CONCEPT INFO PACK.

Our Info Pack is available to view and download from our website at www.indisposableconcept.com. Contributing to the Indisposable Concept project is free. You can contribute as many times as you like.

(3) PHOTOGRAPH THE WORLD AROUND YOU.

Spend the next week, month, year, capturing the world you live in. It's okay if your roll of film has more than 24 exposures and the roll takes longer than a week to complete. Just relax, enjoy the process of shooting with film and remember to have fun.

Remember to take a selfie or get someone to take a photo of you. We will use this photo as your profile pic when we create your unique gallery on www.indisposableconcept.com

(4) EMAIL THE DIGITAL FILES (THE FULL ROLL) TO US VIA WETRANSFER.COM.

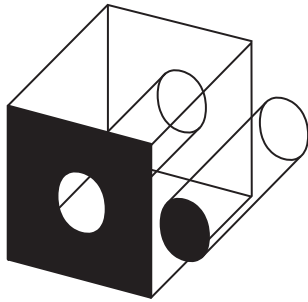

To contribute and be part of the Indisposable Concept project you must get your roll of film developed yourself and send the digital files to us. You can request digital files of your photos when you drop your film off to get processed by a film lab of your choice. Please send your files to indisposableconcept@gmail.com via wetransfer.com

Please provide us with your details when you send through your photos.

Details we require are:

- Age
- Location (where the roll was shot)
- Instagram / Website details (Include any online details you'd like to feature)
- Type of film camera used
- Type of film used

Email us anytime at indisposableconcept@gmail.com if you have any questions.

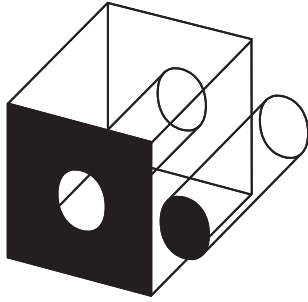

Ts + Cs

Individuals are invited and encouraged to participate in the Indisposable Concept project. Individuals are welcome to get involved and contribute by their own free will. This is not a competition. There will be no cash or prize giveaways. There will be exhibitions. There will be celebrations of life and film. Indisposable Concept is a social collaboration to gain insight into various peoples lives – what they perceive as important and impactful on their daily lives, big and small. We aim to build a community through diversity and a willingness to contribute and share unique stories.

By contributing your images you agree to Indisposable Concept using these images throughout both our print and online channels. As well, all corresponding sponsors of sections have the right to use your images via their online channels for promotion of related projects. People from all over the world are welcome to contribute and everyone is encouraged to get involved and participate if they would like to take part. This is an open forum for everyone to be involved regardless of age, background or place in the world.

Indisposable Concept along with the original photographer/owner of the photo, has final say on how, where and when their images are used. Indisposable Concept along with the photographer owns all rights to the photos contributed to the project and does not allow any photos to be used or reproduced in any form by external parties without consent.

Indisposable Concept does not seek to profit from your photographic and creative contributions, but any funds raised in accordance with promoting the concept will go back into developing and growing the project and promoting the work of the individual contributing to the Indisposable Concept project.

Answers to FAQ

We thought we'd try and clarify a few things and make it possible for everyone to be involved and understand the various parts of the concept as well as possible. Please see below. Let us know if we've missed anything, if there's anything that doesn't make sense or other info you'd like to know. We will try to shed some light where we can.

Q. Is it free to contribute to the Indisposable Concept project?

A. Yes it is free to contribute to the Indisposable Concept project. However you must have your own film camera and purchase your own film. You must also get the film developed yourself from your choice of film lab.

Q. How do I contribute to the Indisposable Concept project?

A. To contribute to the project you must shoot your roll of film and get it developed yourself. Send the digital files to us (available on disk or as digital files when you get the film processed by a film lab of your choice). Please send your files (no smaller than 1500 pixels wide at 72dpi) to indisposableconcept@gmail.com via wetransfer.com.

Q. Can I shoot on my digital camera?

A. Indisposable Concept is a **FILM ONLY** project, no digital photos please. All photos must be shot using a film camera of your choice.

Q. Can anyone do this?

A. Indisposable Concept is open to everyone with a film camera to contribute.

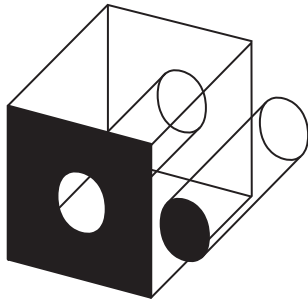

Q. Can I contribute multiple rolls?

A. You can shoot and contribute as many rolls as you like.

Q. Do I have to contribute complete rolls or can I submit just my favourites off a particular roll?

A. We only accept complete rolls. We do not feature individual photos that are sent through to us and do not share photos on social media via a hashtag system. We feature all the photos from your roll in an online gallery at indisposableconcept.com

Answers to FAQ / Cont.

Q. Are you looking for information on each photo such as locations or a bit of backstory?

A. We don't need info about each photo, unless you want to provide those details. We just need location details (where the roll was shot), your Instagram handle/website details and info about the type of camera and film used.

Q. How long do I get to take all the photos?

A. You have 1 roll of film, 24ish shots and as much time as you like. **Timelines are flexible so don't stress if you take longer than a week to complete the roll.**

Majority of film rolls have 27 exposures which is totally fine also. (The 1 roll of film, 24 shots and 1 week platform was a rough guide to work within initially when we first started the project. We have since removed any time constraints to allow the creative process the time it needs. **Just have fun and enjoy the process of playing with film.**)

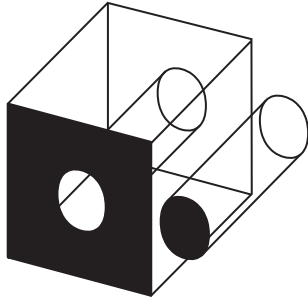

Q. Where can I see my photos once I have sent through my roll?

A. We post all contributions as online galleries at indisposableconcept.com. We also curate and feature select images across our various social media platforms including Instagram, Facebook and Tumblr. Contributed photos may also appear in an Indisposable Concept Exhibition or across other online collaborations we are involved in.

Q. Do I need to use a specific kind of film camera?

A. Any type of film camera is fine to use. As of the 2nd August 2018, Indisposable Concept project began featuring rolls shot with all types of film cameras, not just disposable cameras. **All film is welcome.**

Answers to FAQ / Cont.

Q. I am not living in Australia; can I still contribute?

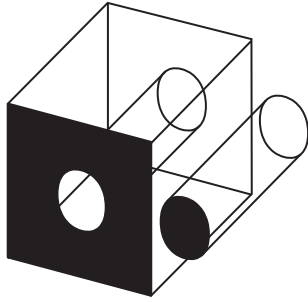

A. Indisposable Concept is open to anyone and everyone that calls planet earth home.

Q. Is there anything I need to know before I start capturing the world around me?

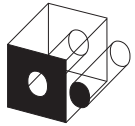

A. Please download the **IC INFO PACK** before you start to find out more about the project and what's involved. It provides a thorough breakdown of the project and is a step by step guide to keep on hand as you embark on your Indisposable Concept journey. It is located at the top of the **INSTRUCTIONS** page at **indisposableconcept.com/instructions**.

Our door is always open. If you've got any ideas or would like to contribute or collaborate with us than please don't hesitate to get in touch. We look forward to connecting with you soon. Thanks for your support in growing the project with us!

Email us anytime at **indisposableconcept@gmail.com** if you have any questions.
